The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing this to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. Dr. Pierce's Golden Medical Discovery cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located, or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R.V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 21 stamps. Address The Pierce & Warrick Co., Buffalo, N. Y.

W. L. Douglas shoes are the lowest price, quality considered, in the world. Their excellent style, easy fitting and long wearing qualities excel those of other makes. If you have been paying high prices for your shoes, the next time you need a pair give W. L. Douglas shoes a trial. You can save money on your footwear and get shoes that are just as good in every way as those that have been costing you higher prices. If you could visit our large factories at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better and wear longer than other makes.

Decline in Railroad Building.

New York, March 22.—That railroad construction is not keeping pace with the development of farm property in the United States is demonstrated by official figures now at hand.

According to Poor's Manual there were 192,161 miles of railroad in the United States in 1900, and 230,084 miles in 1908; and according to the latest government figures the wealth production on farms was \$5,017,000,000 in 1900, and \$7,843,000,000 in 1908. Thus there was a mile of railroad to every \$26,108 of farm products in 1900, and a mile road to every \$34,109 of farm products in 1908.

The percentage of increase in wealth production on farms from 1900 to 1908 was 56 per cent.; the percentage of increase in railroad mileage was only 16.43 per cent.

A report from Washington states that railroad construction in the United States during the last 20 years has been greatly curtailed as compared with the similar period prior to 1890. From 1870 to 1890 110,680 miles of road were built; since 1890 about 69,400 miles have been built, a decrease of nearly 37 per cent.

There have been various explanations of the relatively slow increase in railroad mileage. For whatever cause, investors have hesitated to put their capital into railroad construction, preferring manufacturing or agricultural ventures. The legislation against railroads and the steady reduction in rates have tended to make railroad building a relatively uncertain investment.

FRIGHTFUL ACCIDENT.

More than two score persons were killed and almost as many more were injured yesterday in the wrecking of a Green Mountain, Iowa, of two Rock Island trains running over the Chicago Great Western tracks from Cedar Rapids to Waterloo. Several of the injured may die. Several of the dead are so horribly mangled that identification may be impossible.

A little freight wreck on the Rock Island Sunday night, at Shellsburg, was the indirect cause of the Green Mountain disaster. The Rock Island line was blocked, and it became necessary to detour over the Great Western tracks. Two trains, sent from Cedar Rapids to Marshalltown, were coupled together, and the two locomotives were running backward.

The combined train consisted of 13 cars. A Pullman was next to the locomotives. Then came a smoking car and a day coach. In the latter were many women and children.

The double train was going about 25 miles an hour when it reached a cut five miles from Green Mountain at the top of a hill. In this cut the tender of the front locomotive jumped the track. This threw the head locomotive into the sides of the narrow cut. The clay of the sides was soft, and the engine went into it and stopped almost instantly.

The sudden stoppage dethroned the second locomotive, and the momentum of the heavy train crashed the day coach and the smoking car against the heavier Pullman. The smoking car and day coach were telescoped and hardly an occupant of either car escaped death or injury.

While the last 10 cars remained on the track the shock threw the passengers sprawling from their seats.

The dead were crushed and mutilated in many cases beyond recognition. Heads were severed from bodies, arms and legs were cut off. Here lay a bleeding trunk, there a head with the agony of death still on the countenance.

Fifty years' experience of an Old Nurse. Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhoea, griping in the bowels, and wind colic. By giving health to the child it rests the mother. Twenty-five cents a bottle.

POISONED HER SISTER.

A story that is unique in the history of Ohio crime is contained in the charge of murder that the police of Massillon have laid against Catherine Manz, a child 16 years old. She is accused of poisoning her sister Elizabeth, three years her senior, with strychnine, and the motive imputed to her is jealousy of her sister's wardrobe, more brilliant than her own.

The body of the elder sister was found in the kitchen of the Manz home Friday night, and simultaneously it was discovered that Catherine had fled, taking with her the best of her sister's clothes.

As was stated in the Gazette, the girl was arrested in Akron, where she had applied for work under the name of Ethel Morgan.

The most damaging evidence which has been procured against the girl is the

My Corns Don't Hurt a Bit

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callous, and Bunions, TIZ Cures Right off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tables you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend."

—Sam. A. Hoover, Progress, N. C.
Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely plug up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Dodge Bldg., Chicago, Ill.

admitted fact that she purchased strychnine at a local drug store shortly before her sister's death, and also bought a small quantity of chloroform.

The mother of the Manz girl has been dead for 15 years and, according to Catherine's father, she has grown up headstrong and absolutely beyond his control.

WOMEN FIGHT A DUEL.

News was received in Knoxville, Tenn., last night of a death duel between women, Rosa Cowan and Nellie Taylor, fought at Kingston Sunday night, under the shadow of a church, just at the close of the services. Jealousy over Felix Kimbrough caused the fight. The throats of both women were cut, the Cowan woman dying instantly. The Taylor woman cannot live.

Kimbrough had apparently transferred his affections from the Cowan to the other woman. The women met and fought. A brother of Rosa Cowan attempted to interfere, but Kimbrough pulled a revolver and kept all who would have interfered at bay, declaring that the women should fight it out.

Last night Kimbrough and James Welcker and Will Jordan, two young men, were placed in jail at Kingston, the latter charged with instigating the quarrel by repeating to the women what each said about the other.

Both women were under 25 years of age.

KEPT \$2,000 IN HER SHOE.

Mrs. Anthony Interstate, to foil possible burglars, concealed \$500 in money and \$1,500 worth of jewels in the toe of a shoe in her Brooklyn home, and during her absence the attentive servant sent the shoe to a cobbler's shop to be repaired, she having heard her mistress remark that it needed repairing. On learning what the maid had done Mrs. Interstate and her husband spent most of Sunday night hammering on the cobbler's door and when they opened it early yesterday the shoe was found and the valuables had been untouched, but the lady has decided to secure a safe deposit vault in which will be as servant proof as it is burglar and fire proof.
